

HB 1121 may be placed on the Florida House of Representative's calendar next week for a vote.

We are urging that citizens in Collier County contact their local legislators by [email](#) and by [telephone immediately](#) to voice their opposition to HB 1121.

The bill proposes changing the fundamental constitutional office of the Clerk of Courts by:

1. Changing the appropriations and budgeting process
2. Transferring the Clerk's duties to the Courts
3. Placing a 2 year moratorium on technology spending

Please send an [email](#) and make a [telephone](#) call to your local legislators today stating your opposition to HB 1121.

Let's keep an independent, publically elected, Clerk of Courts to serve the public interest.

Thank you for your active support.

Respectfully,

Dwight E. Brock

Clerk of the Circuit Court, Collier County

PS. By clicking on the email link you can send a note to all legislators at the same time. Telephone numbers are available by clicking on telephone.
