General Information

When a taxpayer applies to transfer a homestead assessment difference, the property appraiser in the county where the new homestead is located must determine by July 1 if the taxpayer qualifies for the assessment difference transfer.

If the taxpayer qualifies for the transfer, the assessed value of the new homestead property as limited by the assessment difference transfer will be included in the Notice of Proposed Property Taxes.

If the taxpayer does not qualify for the transfer or if the information received from the property appraiser in the county where the previous homestead is located was not sufficient to identify the property or to determine how much of an assessment difference could be transferred, the property appraiser must notify the taxpayer by personal delivery or registered mail of the denial, including the reasons for denying the transfer.
